### PRE-APPLICATION MEDICAL EXAMINATION

New

As of 31 March, 2010, students applying under SPP may have their medical examination before submitting their Study Permit application by visiting one of the Designated Medical Practitioners (DMP) in India <http://www.cic.gc.ca/dmp-md/medicalinfo.aspx?CountryID=1995&CountryName=India>.

**When visiting the DMP, you must bring the following documents:**

**5 passport pictures; your original passport; a photocopy of your passport bio data page, your letter of acceptance from a SPP college, and your complete residential address, including district and state.** Your address must be clearly written on the back of the copy of your passport bio data page. The address indicated must be **your residential address**, not your mailing address, and not the address of your agent or representative. The address will determine where your medical results will be sent, to our office in Delhi or in Chandigarh.

After completion of your medical examination, the DMP will provide you with one copy of your medical examination form. This form must be submitted together with your Study Permit application. Please submit your application about one week after your examination was done. Submission of this form does not guarantee approval of your application. Do not make any commitments until your Study Permit application has been approved. All costs for the medical examination are payable by the applicant and non-refundable. **You must submit your application at the visa office responsible for your area of residence\*. Failure to do so will result in delays due to file transfer.**

\* See section entitled "Applications Outside Jurisdiction" at [www.vfs-canada.co.in](http://www.vfs-canada.co.in) for details.
